ENGLISH INTERVIEW PRACTICE

Answer. Listen. Ask one follow-up.

A printable partner activity for adult English learners

Suggested use: 15 minutes | Pairs | Adapt the language to your learners

1 Choose one true example - 3 minutes

Think of work, study, volunteering or a project. Leave out private names and data.

What was the task? What did YOU do? What changed, and how do you know?

2 Speaker: give a short answer - 2 minutes

Partner asks: "Tell me about a time you solved a problem."

Try: "The problem was ... My part was ... I decided to ... The result was ..."

Use true details. If you do not know a result, say so. Do not invent numbers.

3 Listener: ask ONE question - 2 minutes

- ☐ What did you do yourself?
- ☐ Why did you choose that approach?
- ☐ How did you check whether it helped?
- ☐ What would you do differently next time?

If needed: "Could you say that another way?" or "Let me think for a moment."

4 Give useful feedback, then switch roles - 5 minutes

One detail I understood clearly:

One point I still wanted to understand:

5 Exit ticket - 3 minutes

Say your answer again. Add one missing detail and answer the follow-up.

A phrase I want to practise again:

Teacher note: model the exchange first; allow notes and extra thinking time.
This is a practice activity, not a test or a prediction of hiring success.
